

PLAY DOH

Combine in a saucepan:

1½ cups of salt

3 cups of flour

3 cups of water

6 teaspoons of Cream of Tartar

3 tablespoons of oil

Add food coloring and/or Koolaid to achieve desired color

Cook this mixture on Medium heat on the stove. Stir often. The mixture will become very stiff. I start out with a whisk then have to switch to a wooden spoon. Once it becomes Play Doh consistency remove it from the heat and allow it to cool. Place it in a Ziploc bag and send it to school.
